

# RV Parking at Manzanita Park

Come for the runs, Stay for the fun

Access path to Fire Road surrounding baseball fields where rings will be located

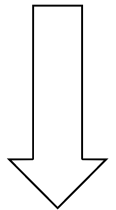

## NO DRIVING ON THE GRASS

Stay on access road

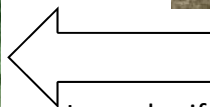

Equipment trailer will park on the dirt baseball infield

Exhibitors may drive onto the dirt baseball infield to unload but then must move their vehicle.

Show Committee vehicles may remain parked on the dirt infield

Officially the County does not allow tent camping. The idea is we cannot look like a homeless encampment.

I wonder if a tent is hiding under this fully tarped canopy. Hmm, I won't ask.....

If your RV is Small, a Truck/Camper or Van you may park on the gravel by each dugout. "Tuck in" off the access road.

If your RV is under 32'. Follow fire access road to back side of ball field. Vehicles may park on the foul ball side of the line. Note incline right side of photo.

If your RV is 32' and over. Drive into park. At stop sign turn right. Park in the dirt parking lot. This is the only place you will fit

Lorie's RV parking space—the only place 42' trailer plus truck will fit. Left at the stop sign—parking after flip a U Turn.

**Manzanita Park does not allow alcohol**

If you must drink this is a red solo cup situation. There cannot be any evidence of alcohol consumption. All empties must be transported out of the park in your personal vehicle.

**Did You Know: The Lines on a Solo Cup are Measurement Marks**
